

Dinastia São Pedro S.A

Wellness Reimagined

NEWS RELEASE

For Immediate Release
December 10th, 2021

The Senior Management of Dinastia São Pedro S.A. would like to announce they have obtained a pre-licence for processing medical cannabis in Portugal from the state agency, INFARMED.

Medical Cannabis in Portugal

Infarmed has confirmed that Dinastia has received written authorization to build, install equipment and complete an EU/GMP audit of the facility. Following successful completion of the next step in the licensing process, which consists of additional Infarmed facility inspections, the company is expected to receive cannabis import/export and processing licences Q1 2023.

With an established regulatory framework, duty free access to 28 EU member states and logical access to the UK, Portugal has the potential to become a leader in European cannabis production. The facility's potential throughput capacity in year two of production is 4.75 million units per annum, equating to €36M in sales based on a blended average across all product categories and market segments. The facility has the capacity to double production in response to evolving customer demands and market opportunities.

Obtaining a pre-license affirms Dinastia's intent to be an industry leader in the production of wholesale oils and private label infused cannabis products.

Open for Collaboration

Dinastia São Pedro S.A are grateful to all the parties that have contributed to the project and in particular to their potential customers and suppliers who already have expressed confidence and interest in our facility. The company is open for new enquiries regarding future cooperation including: J.V.'s, investment, suppliers and customers,

About Dinastia São Pedro S.A.

Dinastia is in the process of applying for federally licensed EU-GMP cannabis extraction facility that will be headquartered in São Pedro do Sol. The Company's focus will be on supplying medical-grade cannabis products to licensed producers, pharmaceutical companies, health & wellness suppliers and cosmetic companies in the E.U. and UK. The Dinastia production facility sources and processes certified, sustainably-sourced and traceable bio-mass and crude oil from a global market.
